Dear Laura:

You will, I am sure, be surprised to
hear from me and you may very
well not remember who I am!

The point of this note is to remind you
the enclosed which I am sending to
about 45 of our generation.

I have heard of you in recent years
through Eric, Otis, Barbara and Janet
and Jack Ruhl, and so I know a
little of the interesting things you
have done. When my daughter and I
were with the Reds three years ago we
drove past your home but you were

every.

How many years since a long time
ago but I look back on them with
thanks that I had them.

If you see the Rules or find
give them my love -
Dear ones (Curtiss!)
