My dear Miss Gilpin,
I have had my
nose in your beautiful
book ever since I came
home from Santa Fe.

It was such a
delightful experience
to meet you and to
see your home.

Do you know I
think that the Navaho
people must understand
that you are a special
human being?

Why else do so
many of them look
at your camera
with love and
radiant smiles?

Thank you, sincerely,
Marge Beauchamp
