Dear Dick;

I am sorry I have been so long in answering your letter about the photograph made at Las Trampas. I felt very badly that I was not able to make this for you. Robert Nugent showed me the things he did before he sent them to you. Please change my bill to whatever you feel was right. I had to send Dave Jones up to show Bob the exact location that you wanted. I am better now and moving around more than I was, but I still seem to be far behind not only with work, but mail as well. Please be sure that what you consider the right figure will be alright with me. I thought that we had settled on the sum of \$300 the last time we talked on the phone, but I know originally the figure was \$225.

I hope the mural is satisfactory and I am flattered that you wanted me to do this for you and it was with great regret that I had to turn it over to someone else.

With best wishes,

Laura Gilpin
