Mr. Sam Day, III
Window Rock, Arizona.

Dear Sammy:-

This is to introduce to you Mr. Fred Stimson a photographer friend of mine. Mrs. Stimson is the granddaughter of one of my oldest and best friends. Fred has an assignment to make some pictures at Black Mesa, and he can tell you more than I can about it. Before he does anything, I do want him to see you and make any arrangements that are necessary.

I have not been over at the Canyon since last October. During half of December, all of January and February, I have had a big retrospective exhibition here in Santa Fe at the Fine Arts Museum. It was a big job to get all this work ready, and I overstepped the point of exhaustion and landed in the hospital. I am much better and getting back to work. I will be coming over in April, sometime after the middle of the month to stay for a while in hope^{fully} nearly completing my book. I still need some more "people" pictures, and with the friends I have made in the past three years, I hope these will come along in good order. When I come over, I will have ^{my} funny of the book with me which I shall stop to show you on my way through. This book is, of course, my biggest effort and I hope to make it my very best.

Anything you can do to help get Fred started on his job, I will greatly appreciate. In the meantime this brings my best wishes. I will let you know when I will be coming through in April. My thanks,

Most sincerely
