Dear Ms. Gehres;

My apologies to you for being so long in sending this to you. My life has become very complicated and I am far behind with everything. The worst is I was in Denver only last week for the first time in 25 years. I was showing my Navajo slides in the Penrose Library at the University of Denver. I was only there for a day and as my time was so filled up that it wasn't possible to do anything else. Also, I had a lot of trouble finding my way round present-day Denver. Please forgive me for not telephoning you.

Of course, I would be delighted to have the Lillian Gish picture used at the Kennedy Center. This permission blank doesn't state which one it is; as there were several of them, I would like to know which one. There is a full length of her in front of the curtain in Central City and there were 4 other portraits that I did of her. Would you be kind enough to let me know which one is wanted and I will be very happy to send a good reproduction print.

Very truly yours,

Laura Gilpin
