Gene M. Gressley  
Director  
Western History Research Center  
The Library  
Box 3334  
Laramie, Wyoming 82071

Dear Mr. Gressley;

Thankyou for your letter which I have taken so long in answering. I have gotten behind due to several illnesses during the past year, but am hoping to catch up soon.

I understand that my retrospective exhibition will be in Laramie sometime within the next year, and am wondering if it will be at your research center. If so, perhaps you could choose what photographs you would like for your collection, and I will be glad to fill your order.

I am soory that at this time I could not possibly send you any press releases, biographical sketches, etc., as I have many orders to complete and would like very much to get these completed before going on to any new projects. I hope that this will have been some help, and that I will hear from you again in the future.

Very truly yours,

Laura Gilpin
