Dear Mr. Humphrey;

Thankyou very much for your letter regarding the "Women of Photography" exhibit. Of course, I am very pleased to have the loan extended and I enclose the form with my signature.

You might be interested to know the first one-man show I had was at the San Diego Museum and then at your museum in 1922, so that I have memories of both museums in that regard. It was very hard for me to realize that 53 years have gone by.

I hope that the exhibition continues with the success it has had here and in San Francisco.

With best wishes
Sincerely yours,

Laura Gilpin
