Ms. Carrie Marshall
Western Association of Art Museums
Mills College, Box 9989
Oakland, California 94613

Dear Ms. Marshall;

I am wondering if you have made any additional Bookings for my retrospective show. I have suggested to some people who came to me from both Midland and Lubbock, Texas, that you might give them the one free space that I knew about, and gave them your address, so that they could get in touch with you directly. I do not know if they have done so. May I ask that any future correspondence concerning my retrospective be sent directly to me instead of the museum here?

I am sending you some glossy prints for reproduction, which you requested from the art museum. I do not know if this request was fulfilled. If it was, it would have been from copy negatives. I prefer to make such dealings direct with you, so that you may have prints from my original negatives.

I shall be glad to hear further information from you on this.

Cordially yours,

Laura Gilpin
