Dear Miss Monko;

Thankyou for your letter, which regretfully has taken me so long to answer. I have been in the hospital several times since I received it, and am now very much behind, but hope to catch up soon.

I have a retrospective exhibition which has been traveling around thecountry since last year, and I believe it would be best to arrange a time for exhibit through the Western Association of Art Museums. This organization is handling the schedule for this show, and could give you all the information you need and when it might be possible to have it at the University of Maine. You may write to Ms. Carrie Marshall, Western Association of Art Museums, Mills College, Boxx 9989, Oakland, California 94613.

Thankyou for your letter and interest in having an exhibitiof mine at your university.

Very truly yours,

Laura Gilpin
