Dear Mr. Titcher;

I have many reasons for being greatly delayed in attending to my mail, and I am wondering if you still wish the print "Shepherds of the Desert". I am going through mail I am not sure of answering before, and I want to check with you to know if you still want that photograph.

Last year I had a large retrospective show opening December 15, 1974, which included this picture. It is now traveling around the country and is in Wichita Falls, Texas right now. I have had a great deal of work on hand to do and I am trying to get myself caught up.

Please let me hear from you again.

Very sincerely yours,

Laura Gilpin
