

Dear Laura;

It is a real thrill to be the owner of your beautiful Navaho book. It seems many long years since I saw some of the first shots in your home last time I was there with Eunice Robinson from Denver - and I can only partly appreciate all your hard work! I have enjoyed loaning it here at The Sequoias - am enclosing a note from one of your friends. Also - another copy was bought by Georgianna Wright, who knows you also.

I wish you would come visit me here - you would

find many congenial souls.

I am doing less & less traveling - at almost ~~27~~ 7 years I sure don't have much "get up & go" !!

David still lives in Florida - his two oldest boys have left for college & one in Germany - but 4 are left at home. I will be lucky enuf to have Mary & her husband, next Sept for a year, here at Stanford. Their Margaret age 23 lives in San Francisco & teaches school - so I see her at times! Kathy age 21 will be a Senior at Oberlin next year - so the family is all growing up -

Please take a moment to let
me know how you are & Betsey
and how the book is selling?

Uncle Joe G. would be so proud
of your latest book - I surely am!

Affec admiration from
your cousin

Josephine
