

MISS SILVIA SAUNDERS
GRIFFIN ROAD
CLINTON, NEW YORK 13323

Sept. 6
1925

Dearest Laura - has that fun! to sit
yesterday morning in my own dining
room & watch on the screen, you sitting
in the New Mexico Sunlight while a
young man leaped thru 6 or 8 of your
beautiful pictures - and we heard
your voice - Frances was as thrilled
as I - it was pure joy - And as always
you are reaching out into the future
with a big job pending - What a
great great woman you are - I love
you deeply and count you and
Betsy's friendship as among my
topmost blessings of that from you
I had in Santa Fe.

And I'm also happy to tell you that
I'm moving into deathless print at
age 73 - (actually newsprint which isn't
deathless at all) but my 5 years of
researches on Isaac Williams who
built the old parts ~~#~~ of this town
around 1812 or after, are at last
being put together & are running
in the little local sheet. It is
great fun & an enormous satis-
faction to me. I suppose what you &
I are both doing is trying to insure
that the Powers that Be will not quite
so blithely take bulldozers in hand to
eliminate these people, or houses,
or whatever, ~~that~~ that are part of our
History -
Anyway, I kiss you and grasp
your hand across the miles -
with warm admiration
- Lol-Silva.
