

Wishing you...

new awakenings,
treasured memories,
quiet joy,

and all the blessings
a heart can know
in this beautiful
season of beginnings.

It was only yesterday that I heard
about your Guggenheim award -
my warmest congratulations! Your
exhibit at the museum was beautiful
and I meant to write you about
it but I became so involved with
my problems (domestic not health
thank goodness) that many letters
were not written. affectionately,
I am delighted with the award
Mayorie Schmidt

At this
beautiful
season...
