Dearest Laura,

The more I think about you,
and your magnificent retrospective
show - all sixty four years of your
career - the more convinced I am
that as soon as Canyon de Chelly
is out of the way you must do a
book on the Pueblos. Just as
Vroman, Curtis, et al recorded a
certain period so have you. Eyes
permitting I'd surely like to help
you organize your material.

Please think about it. In the mean-
time happy new year. I hope
you can read this.

Love as always -
Marjorie
