Miss Laura Gilpin
409 Camino del Monte Sol
Santa Fe, New Mexico 87501

Dear Laura:

Good to talk with you yesterday and I am delighted that we at last have a decision on the Big Bend project.

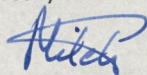

The four pictures which I mentioned to you are on the top of the package and I have numbered them ACM 1, 2, 3, and 4. We would like to get 16 x 20s of each. If you will let me know what the charge will be I will send you a purchase order. As these will be going into the permanent collection of the museum, I would like to have you sign them, and they should be mounted in whatever fashion you like to see your work presented.

Thanks for the suggestion about Dr. Bob. If I can work out something, it does sound like a good idea, particularly if I could double it up with a useful visit with Doug Schwartz. I am very sorry to learn that the problems between the School and the State Museum continue to dog the lives of the museum people in Santa Fe. It is certainly a classic example of the sins of the father visited upon the now third generation, believe it or not.

Take good care and don't overdo it.

Sally sends her love and greetings.

Yours,

Mitchell A. Wilder
Director
