Dear Miss Gilpin,

The Festival Committee has asked me to write you and inquire about the possibility of your doing an exhibit of your photographs of early Central City.

This year will mark the 45th anniversary of the Festival and is also the Colorado Centennial. We are presenting "The Ballad of Baby Doe" July 10th through July 31st, followed by another special feature August 7th through September 4th. As part of the festival we want to include programs of special interest dealing with the arts and feel that an exhibit of your early photographs of Central City would be of special interest and very much in tune with the Centennial.

We look forward to hearing from you.

Sincerely,

David J. Ritemiller
Assistant to the Executive Director
