Dear Mr. Burke:-

I have been long delayed in sending you the final statement on the prints of mine which you have purchased. Many reasons. I am finally moved into my newly remodelled studio and work rooms. It has been a long drawn out completion and then moving into it, but now I am functioning in new and wonderful quarters.

I am enclosing herewith the bill for the four prints you selected in 1975 and the two additional ones, long on order, which were shipped to you some weeks ago. I enclosed the print for Mrs. Try with the last two sent you and I trust that she has received it. I had just sent these when I heard from her. I am billing her direct for print, "Aspens".

I am glad that my beautiful Kaesebier print is in your possession and very pleased that you have added this group of mine as well.

I hope that you will be coming this way again this year. Photographic wise, Santa Fe and vicinity is buzzing with photographers.

Again my thanks to you and the best of wishes,

Most sincerely yours,
