Dear Miss Cartaino;

My apologies for so long in not writing to answer your letter. I have been back to Canyon de Chelly and was very busy before I left and I am now trying to get wound up for a good work session. The Xerox copies of the Navaho Medicine Woman "A" is the right one. Her name was as nearly as I remember Stella Jean and this is the one you wish to use. The other Xerox "B" was Ason Kinlichine. Your caption applies to this one quite as well as the other. I did not phone you, because I wrote thought your question was answered without any further word from me. Thanking you for your interest, I am,

Very truly yours,

Laura Gilpin
