Betty Didcoot, President
The Society of Woman Geographers
1619 North Hampshire Avenue, N.W.
Washington, D.C. 20009

Dear Ms. Didcoot;

The extremely interesting inquiry about the possibility of this trip to China has come and I wish I could answer with an enthusiastic "yes". But I am not sufficiently able physically now-adays to undertake such a trip. It should be wonderful and I hope you are able to carry it through. I shall look forward to hearing about it in the future.

I have also been negligent in sending you any recent news of my activities, but by next year I hope to have another book out and at that time I will report to you in full.

Very truly yours,

Laura Gilpin
