Dear Gretel;

It is a good thing that you have been delayed, because I have been up to my ears and still am and it looks like I will be!

It will not be long until the aspens turn up in Colorado, and this might be what you will want for a few shots up the river. Otherwise, I have been so busy in my new gallery and so many people have been in that I have made many sales and I cannot seem to get my desk cleared to go ahead with new work. So the minute you see as far ahead as possible when you will be coming be sure to give me a ring. Call me collect (505-9820032) at any time. Hastily, and with best wishes,

Laura
