Denver, Colorado 80202

Dear Mr. Eitemiller;

My apologies for being so long in answering your letter. I was in San Francisco when it came and I have been pretty swamped since I returned. It is very hard to believe that the 45th anniversary for Central City is coming up. I would be most happy, of course, to send prints for the exhibition, if you will give me some idea as to how many and which you want. I have things of the town, the theater, both outside and inside, and of course, the sets of Robert Edmund Jones with individual portraits of the "Camille" production. Do let me know fairly soon what you want, so that I can prepare them for you.
With best wishes,

Very sincerely,

Laura Gilpin
