Robert J. Hoff
Chief Ranger
Fort Union National Monument
Watrous, New Mexico

Dear Mr. Hoff;

My print of the aerial photograph of Fort Union I remember very well, and of course, I am glad to have it at the monument. You do not have the negative, as it belongs to me. I would not be at all happy to have anyone else try to print it and if you need another print, I shall make one for you. Would you want it framed? I can frame it here in my work rooms, and that would prevent the use of the plastic cover.

I am interested to know Mr. Utley has been out this way. I had the assignment to make the picture from the Park Service, and of course, he was with us in the plane. I have a number of other photographs made that day, and sometime when you are here in Santa Fe, call on me please to see me and I can show you what I have.
With best wishes,

Very truly yours,

Laura Gilpin
