Mr. David Jacobs
Ms. Gloria House
Wayne State University
Detroit, Michigan 48202

Dear Mr. Jacobs and Ms. House;

In answer to your recent letter and after reading over your very ambitious program, I can see it will be necessary for me to come to Detroit and participate in this. I am not at all certain that this would be possible for me in the month of September or October, as I am trying to finish a book on Canyon de Chelly which I am preparing for the School of American Research. It will be necessary for me to make at least one more trip of a week or more to complete the photographic end of this project.

As I am somewhat lame in my 85th year, traveling is not the easiest thing I do. But if it is possible to work out a satisfactory time schedule, I would be glad to participate. Hoping to hear from you soon. I am,

Very sincerely yours,

Laura Gilpin
