Dear Helen;

Thank you very much for your letter. We have one \$100 print in the 8 x 10 size of the "Covered Wagon", and we also have an 11 x 14 which is \$150. Either print is yours when we hear from you. We did send you, did we not, "The Potters of San Ildefonso" and "The Ranchos de Taos Church"? These are both silver prints, which I think are the other two you referred to. I trust that they reached you in good condition.

Your anniversary party sounds a little wild, but I hope it was successful financially and good publicity for the gallery. Everything is as busy as can be here as always. I am still wondering about the picture of "Cliff Palace at Mesa Verde" which you wrote me about. It had J. Hawkins Gallery "Hold" on the back. Was this is the show when I was out there? My mind seems to be a little unclear about that. It is nice to continue to hear from you. With best wishes, always.

Verytruly yours,
