Dear Dr. Schaefer;

It was a great disappointment to me to have missed your visit. Since then, I have made another trip to Canyon de Chelly for work on the book I am doing and I am only just home. I do want you to know that I appreciated your visit and I regret that I was not here to have a conversation with you. I know, of course, of all the work you are doing in the matter of collections and establishment of archives, and I do want to know more about it. Perhaps at sometime soon something may bring you this way, or Mr. Harold Jones, and we could talk more about it.

Please pardon my long delay in writing this, but the few days before I left were hectic getting my equipment and finishing up details here. With best wishes for the success of your undertaking, I am,

Very sincerely yours,

Laura Gilpin
