Dear Dr. Schwartz;

Thank you indeed for your letter and
replaced check. I hope that I will be able
to ship you your print in the very near future.

It is nice to know that you are so interested
in photography and I do hope that you will
come to see me when you are in Santa Fe. I
now have a small gallery where I am able to
display 15 or 20 prints at a time and I have
many visitors. My present problem seems to
be one of getting myself organized to print.
To find adequate time in the dark-room is
very difficult. With best wishes for the
holidays, I am,

Very truly yours,

Laura Gilpin
