Dear Ms. Gilpin;

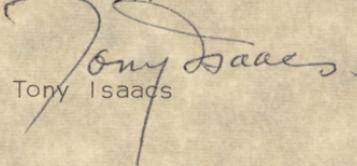

I sent your address today to a Dr. Richard Thurn, a consultant in psychotherapy in New York.

He has our Navajo Sway Songs album, and wanted to contact you about some of your work.

Also, we re-printed our Night & Daylight Yeibichei album a while back, with a much improved print job on your photograph. I was very sorry that the original printing did not do justice to your own work. Enclosed please find another copy of the album with the improved printing.

Again, we are very happy to be able to have your work on two of our albums.

Sincerely,

Tony Isaacs
