Dear Laura,

It was such a joy and pleasure to have you here in San Francisco! It will be a memorable experience in my gallery career.

The show has drawn a heavy attendance and many compliments..so many classes have been assigned to write about it..they are in all day long with their pencils. One night..last Thursday two armed policemen strode in.. and I sat quivering wondering what this was all about when one spoke up and said.."Don't be alarmed. I am a photographer and this is my friend here. I've been assigned to write about the exhibition by Tom Johnson.. College of Marin."...oh, I said. It was funny and you would enjoyed this bit of humor had you been here.

Imogen was in yesterday..and said it was so wonderful to see your ~~platinums~~.

The books have been sent and I am enclosing invoice as you requested. Also including copies of reviews that have been printed on the show..all different opinions. If you want or need any exteas will of course be glad to send them.

Best,

Helene
