Dear Laura,

I apologize for what is certainly dragging my feet in getting your shipment of prints off..although you didn't say how fast you needed them. The problem has been we have been having a bus strike in San Francisco and Richard is dependant on public transportation. However tomorrow I am going to pick him up at the Bart station so he can mail up the boxes which I have already packed. And I will get them off immediately via United Parcel Air.

Am enclosing your listing of prints plus those that were sold with checks less our gallery commission of one third and thank you!

The man who wanted a silver print of San Idlefonse Potters wanted to know if you could sign both the outside and inside mats in the event outside mat was damaged and I told him I would ask you.

Under separate cover am sending some left over publicity prints and the copy negatives just in case you might be able to use them for publicity in future exhibitions.

It was a great joy showing your work and having you here. Of course there were the usual "Oh no! It's gone!"..people who came in too late..but it is ever thus.

I forgot too mention that two shipments of your book came in the day after you left..just a little too late for autographing..alas.

Hope this finds you in fine feather..and that renovations are going along as you had planned.

Best,

Helen
