Dear Mrs. King:

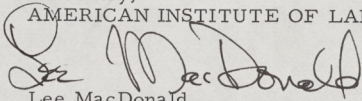

Thank you for the use of Laura Gilpin's prints of the New Mexico scenes which were also used in your national advertising.

They definitely 'made' our issue and we feel very fortunate to have been able to use them -- they are truly exquisite. I have placed a credit line on pages 2 and 4 (just noticed they forgot to print the "4!") I think the cover subject matter is outstanding.

Please express our gratitude to Mrs. Gilpin. Enclosed is a FORUM for her.

Enclosed, also, find all the photographs that we borrowed plus a FORUM for your record.

Sincerely,
AMERICAN INSTITUTE OF LANDSCAPE ARCHITECTS
