Dear Ms. Gilpin:

Van Deren Coke has suggested that you and I get together sometime in the near future to discuss your collection. My responsibilities cover all collection development in the University Library.

I live in Santa Fe; so it would be convenient for me anytime to stop by your house or to meet you for lunch. Perhaps you remember me. I was in charge of Exhibitions and the Art Gallery at St. John's College at the time of your fiftieth anniversary retrospective several years ago.

I am leaving today for Chicago and New York and will not be back until February 16. May I call you on my return that week to make an appointment?

Yours sincerely,
