Dear Laura,

The last photographic show of any size to be in the Dayton area was The Family of Man and it was shown in the main gallery of the Dayton Art Institute. That was some time ago and until your show there has not been another showing in the large gallery. When I first read of your show going in there I was shocked and happy at the same time. I've been trying for about twelve years to promote fine Art photography in this area and I'm very happy that your work is being show in Dayton and in a beautiful gallery.

I went to the opening and upon entering the gallery saw and felt a great warmth. There were large plants around the room — some original Indian rugs hanging on the walls — a guitar playing soft Mexican music and your photographs on all the walls.

I've been back several times now and will return again — your images — so much love for the land, the people and your art. Even though a photograph should speak for itself, part of you is in each image.

I've enclosed the pages from our paper — I'm just proud for you and of you. I would like to know if it is possible to secure one of your images?

May the stars continue to run through you soul for another 83 years.

Your Friend,

Robert SLACK
