Dear Miss Gilpin:

Due to the current interest in collecting original photographic prints, there is a need for an informative quality guidebook for this growing market. Barbara Upton, John Upton, and I have contracted with New York Graphics Society to create such a book. It will be called The Photographic Print Collector's Handbook. We are now engaged in the research and writing, and selecting of the images we wish to reproduce. We would very much like to feature one of your images in the Handbook. We are writing to you both for permission and a good work print from which to design the book and eventually shoot.

The enclosed release lists the image we have chosen. We hope you will give us the needed permission by signing the release and returning it to us. Should you have any questions, please write or call me at the gallery.

Thank you for your help.

Sincerely yours,

Lee D. Witkin/JK
