Santa Fe, New Mexico

Dear Ms. Gilpin:

We are working on a Navajo exhibit slated to open within the coming year and to be a major permanent exhibit in our new anthropology wing, the Wattis Hall of Man. When complete, the Hall will house 11 life size open diaramas which present interpretive information around the theme of the variety of adaptations man has developed to suit particular habitat areas. I am writing to you at the suggestion of Mary Collier. I will be in Albuquerque and Santa Fe during the week of July 3, and would very much like to meet you, and perhaps, if you have time, ask you a few questions about our preliminary ideas for this exhibit. I'm sorry I am able to give you such short notice, but things seem to happen in sudden spurts in this business, and I had little warning of this trip. If this is an inconvenient time for a short visit, I will try to stay in touch with you by mail. Many thanks.

Sincerely yours,

*Nancy Bronstein*
