Dear Laura,

Thank you for your letter, and altho I didn't receive the copy of Dr. Schaefer's letter to you, it doesn't matter as I'll plan to drop in to see you on my way back to Tucson. That will be between Sept. 10th and 14th, approximately. And I will get in touch with Dr. Schaefer when I get home.

Yes, I have the 1945 pictures you asked about, and will send them to you when I get back to Tucson. Hope this will not be too late for your use of them at this time. I am quite sure I can find the negatives also.

Here on the coast of Maine at Acadia National Park it is rather cool and damp now with Fall approaching, but any weather here is much more to my liking than the August heat of Tucson, whether it is dry, or humid with the summer storms.

I look forward to having a quick ~~visit~~ visit with you when I go through Santa Fe on my way to Tucson. I'm so glad to hear the Center will be having a show of your work, and I do hope you will be able to get there. I should be most happy to have you stay with me if it will be of any convenience for you, and depending on what the Center is planning for you. I do live out side of town a little, but would be able to drive you at any time..

Best wishes,

*Margaret*
