Dear Ms. Gilpin:

Please note the attached letter for permission to use one of the pictures of the interior of La Quinta which George C. Pearl used in the article on Tradition and the Individual Talent in El Palacio last fall.

Do you wish to extend permission for use of your photograph in the proposed book and for us to make a copy of the picture we have?

Please let me know what action should be taken on this and any subsequent requests we have for reproduction of works in the Meem Collection, especially of the photographs you did of his buildings and interiors.

Most cordially, along with wishes for your best health.

Dear Sir:

I am currently involved with researching a book on floor coverings in America which is to be published by Walter Parrish International Ltd. sometime next year.

Would it be possible to obtain a print of the photograph of the interior illustrated on page 28 of El Palacio Vol. 82 no 2? It is in the Meem collection in the original reserve bookroom of the library, according to the publications director of the Museum of New Mexico Press.

Please send an 8 by 10 black and white glossy photograph along with the bill, and publication permission forms, credit line information, and a publication fee schedule..

I look forward to hearing from you very soon.
Thank you for your prompt attention to this request.

Sincerely yours,

Helene Von Rosenstiel
