Dear Miss Gilpin:

It has been well over a year since we visited with you in Santa Fe, and I'm sorry not to have been able to return in all this time. I assume you are still having difficulty obtaining some of the necessary materials for the platinum prints, however I sincerely hope that it will not prove an insurmountable obstacle.

Please drop a note on how your work is progressing, and when you plan to finish the platinum print. I hope to be in Santa Fe before the winter is over, and if so I shall look forward to seeing you again.

With kind regards,

Donnelley Erdman
