Dear Sir;

Last February I was in St. Vincent Hospital here in Santa Fe for a period of approximately 8 days. I have waited for information from Medicare as to what portion of this bill they would cover. The statement is enclosed herewith. This leaves an account balance of \$199.07. I know that this must be fully covered with one or the other of my policies with you. I enclose the numbers of these policies and I would appreciate it if you would take care of this now and let me know that everything is settled up.

Very truly yours,

Laura Gilpin
