Dear Mr. Breard;

We have recently checked into the possibility of your having the Retrospective Exhibition now at the Laguna-Gloria Gallery. The itinerary is, unfortunately, out of our hands and at this late date, cannot be revised. The insurance is through the Western Association of Art Museums and cannot be extended. We regret that the show cannot come to your gallery, as it would have been very nice to show it there, but it seems there is nothing that can be done. Miss Gilpin would like very much, however, to have some work at your gallery at a later date. She would like to get in touch with you when things are less busy here and arrange an exhibition. Thank you very much for your interest in her work, and you will be hearing from us again.

Very sincerely,

Sina Brush-Morales
