Dear Mr. Costello;

Recently we have found that we are running low on work here at Miss Gilpin's gallery and since she has not been up to printing new work she is asking that consignments that have been out for long periods be returned. I will be in Albuquerque the morning of the 27th of October (next Tuesday). I would like to pick up at that time, any work of Miss Gilpin's that you have that is not sold. She is especially interested in the platinum's at this point. When I come, if any of the prints have been sold you may give me a check for her and I will take the remainder with me. Thank you for your interest and co-operation in handling the prints.
