The El Paso National Bank
El Paso , Texas

Gentlemen;

Of course I am pleased that you used the portrait of mine on the cover of the First All- Women's Photographic Exhibit invitation. I am very interested in your effort on the part of women in photography. I apologize greatly for being so long in acknowledging the leaflet. Since opening a small gallery here at my new studio I have been kept very busy. Your explanation of the platinum process is very correct and very nice. Most people don't understand the difference at all. If any of you in El Paso are in Santa Fe, please stop by my little gallery which is open weekdays from 2-5 p.m. Again, many thanks and best wishes.

Very truly yours,

Laura Gilpin
