Dear Mr. Geske;

I am writing you to let you know that once again things have been changed. After Miss Gilpin examined the print we found, she decided she didn't wish to send it to you after all, as she does not consider it gallery-quality. We have located another print however, which is not 11 x 14, but 16 x 20, which is acceptable to her, and we are in the process of making it ready to send. I believe she would like you to have it at the price of an 11 x 14, if after it arrives you find it is the print you wish. We are trying very hard to get your print to you, and hopefully it will be ready this week. Thank you very much for your patience and the print shall be on its way before too long.

Sincerely,

Sina Brush-Morales
