Dear Mr. Green;

Please accept my apologies for being so long in answering your letter about your history of contemporary photography. I am enclosing herewith a Xerox copy of my plan of work, together with a list of the photographs that I submitted with my application. I trust that this is what you wish. If not, please let me know and I will try and find it out for your complete information. I am very sorry to have been so long, but I have been very busy here and days slip by without my knowing it.

Very truly yours,

Laura Gilpin
