Dear Mr. Henning;

Thank you very much for your nice letter regarding all of my work from the old Broadmoor Art Academy, and the Fine Arts Center. For a long time I have been trying to mount them and get them together for your collection. So when Myron Wood was here, I thought the best thing to do was give him all the prints to take to you. Of course, many of these original negatives were made with a soft focus lens back in the 20's and some were platinum prints as well. I probably have a lot more recent things still to add to any historic record you may want to have for your archives and I am working on getting these things together.

Before you do have any sort of exhibition or prepare for any publication, please get in touch with me so I may complete the group of prints. I hope to be in Colorado Springs before too long and perhaps I will see you then. With best wishes,

Sincerely,

Laura Gilpin
