Dear Mrs. Horwitch;

Thank you very much for sending me 50 copies of the invitation. I am very pleased to have these, as I want to send them to friends in Colorado and people further away. Of course, I am equally pleased that my white iris is on the cover and I am delighted over the finished invitation. It is an extremely handsome piece of typography.

The variety of subject matter from the 5 photographers should certainly make a most interesting show. I think Eleanor Caponigro has done a beautiful job and I hope this will lead to more fine printing in Santa Fe. We certainly need it. Eleanor has been up here again and we have pretty well settled on the final selection of my own contribution and I hope it will prove of interest to you. Thanking you again, I am,

Very sincerely,

Laura Gilpin
