Miss Genevieve Jensen
Taos Book Shoppe
Taos, New Mexico

Dear Genevieve;

Your letter of January 29 has been long unanswered, as I came down with a bad dose of flu and have been in the hospital and I am only just getting myself back on the job. I will write to the publisher's representative, Ms. Daphne ~~Ellich~~ regarding the portrait of Nabel Luhan; a normal fee for reproduction of pictures is \$25.00.

Please tell Claire that I have the original transparencies of the Taos murals; there are 4 of them. I was always very happy that I succeeded with that, because it was much the most difficult part of all the work I did and hard to get it square and match it and also get the light even. It was quite something. I seem to have only the one set, so let me know if she wishes the originals sent to her. I don't have a copy of the jacket itself, in addition to the one on the book. I will be glad to have transparencies of the 4 made for you. Thank you very much and regretting this delay, with best wishes to you both.

Very truly yours,

Laura Gilpin
