

understand a mistake like this being made. I need some books, if you will send me five, I enclose my check and I will have them here in my new little gallery. People often come through on Sunday from out of town, and then I had a good many orders from out of town as well. I hope the sales are keeping up and I hope for a report from you before too long. I still have a few of the jackets which I can put on, but the new printing is slightly smaller than the old one, and it doesn't quite fit right, which is too bad. With best wishes and hoping to see you before too long,

Very sincerely yours,

Laura Gilpin
