Dear Mr. Orrell;

Thank you very much for your inquiry about using the portrait of Mabel Dodge Luhan. I have searched my files and do not have a copy of this, and at this time I am so swamped with work that it would be very difficult to print. However, you may consider this letter written permission to use it as a poster for your class, reproduced from the book, but for that purpose only. Thank you again for your interest and consideration.

Very truly yours,

Laura Gilpin
