Dear Mr. Robins;

Thank you very much for the check, and I am pleased you sold the platinum print. As to a show, I cannot think of anything before the very end of this year or early '78 as I am just swamped with things that must be done. But I will keep it in mind, and if I have a few prints at a time that I think you might want along with the others you now have, I will let you know.

With best wishes,

Laura Gilpin
