President John P. Schaefer
Center for Creative Photography
843 East University Boulevard
Tucson, Arizona 85719

Dear President Schaefer;

Recently, when you were here to pick up the platinum prints for the collection at the Center, you chose several other prints to be sent to you later. Among these was the platinum, "The Little Medicine Man". Several months ago we sent a copy of this print to Floyd Robins, who in turn, I believe, sold this print and several others to the Center. We will be glad to send this print to you, if you do not already have one in the collection. On the other hand, if you do have it, we can send you another of your choice, or one that Laura would like to send. Please let us know what you would like done about this. Thank you very much.

Very truly yours,

Sina Brush-Morales
